

New POD Point chargers

We have just installed 4 double EV chargers for people to be able to charge 8 cars simultaneously in the car park at the hotel. These chargers are located at the end of the pool wing and are marked out in green parking bays with a Green EV charging symbol on the floor. These are for hotel patrons only.

FREQUENTLY ASKED QUESTIONS

How do I charge my car?

Download the "Pod Point App" see picture of app below:

How much does it cost?

See App as it changes quite frequently

How to start charging

1. Plug in your EV

Your charge will start immediately.

2. Select the charger in app

Use the map or search for the chargepoint by name.

3. Confirm your charge

If unconfirmed, your charge will stop after 15 minutes.

My car is not charging?

Please use the app to report the fault. POD Point are responsible for the chargers not the hotel.

Should I move my car once the charge is complete?

Yes, ideally as it could charge you more the longer you leave it. However, check the details on the app.

ALL the information required for the chargers in on the APP and POD Point is the main contact.
